

LED LIGHTING SYSTEM

PROGRAMMABLE LED SIGNALING LIGHTS

BRIGHT, DURABLE, AND ADAPTABLE MODERN DOOR LIGHTING COMMUNICATION SYSTEM

Bright lighting

- 3' tall light bar with Tri-Color LED's- Provide red, yellow and green lighting for a modern traffic communication system to illuminate the opening area

Durable

- Polycarbonate dispersion cover protects the LED's as well as helps provide the system a NEMA 4X rating

Door compatibility

- Available on all new or existing RapidFlex®, RapidFreeze®, RapidView® and RapidShield® doors

Fully adaptable

- Lighting can be configured based on application (and each light bar) and has blinking functionality (with Advanced Kit)
- Uses power supply already in service for the door system, so a separate power drop is not needed
- Includes mounting channel that allows for guide, wall or header placement
