

The Genuine. The Original.

# RHX<sup>®</sup> Operator

## Heavy Duty Commercial Operator

New state-of-the-art features and technology for easy and reliable operation

### The RHX<sup>®</sup> offers new high performance features:

- **Easy limit setting with Limit Lock™** – an electro/mechanical limit sensor that makes it easy to set and maintain limits
- **Voltage freedom with Voltamatic™** – one unit for single phase voltages (115/208/230V), one unit for three phase voltages (208/230/460V) and one unit for three phase 575V
- **Extra door system durability with Progressive Braking\*** – DC brake system brings the door to a soft stop for less wear and tear on the system
- **Easy installation and trouble-shooting** – intelligent menu structure and expanded self-diagnostics
- **Advanced radio receiver system with auto seek frequency range** – quickly and easily learns up to 250 CodeDodger<sup>®</sup> 1 transmitters. This system will automatically cycle between the 315 and 390 frequencies
- **True gear head system** – this system's primary drive reduction is via worm gear running in oil bath, which provides reliable operation
- **UL325 2010 compliant** – this new standard requires the addition of monitored external entrapment devices prior to the operator working in momentary contact in the close direction

### RHX<sup>®</sup> ADVANTAGES

Wide Variety of Mounting Options	Direct Coupling/Chain Coupling	Right or Left Hand Adjustable Hoist
Continuous Duty Motor	DC Progressive Brake System	Trolley Rail Assembly
On Board Radio Receiver	Adjustable Disc-Type Clutch Standard on trolley; optional on hoist	NEMA 4/4X Optional
True Gear Head Reduction	LCD Cycle Counter	CodeDodger <sup>®</sup> 1 Transmitters Optional

\*patents # 6,737,823 and # 6,388,412

**RHX<sup>®</sup> Heavy Duty Operators provide easy operation with superior functionality for the most stringent applications.**
