

STANDARD DUTY COMMERCIAL OPERATOR

Standard features at a glance

16-character LCD display

Simplifies installation and troubleshooting. Intelligent menu structure and expanded self-diagnostics.

Progressive braking*

An advanced DC brake system similar to anti-lock brakes that brings the door to a soft stop for less wear and tear on the system.

Easy limit setting with LimitLock®

An electro/mechanical limit sensor that makes it easy to set and maintain limits.

Advanced radio receiver system with auto seek frequency range

Quickly and easily learns up to 250 CodeDodger® transmitters. This system will automatically cycle between 315 and 390 frequencies. Add and delete transmitters from the menu and easily identify which transmitters are operating the door.

Voltage freedom with Voltamatic®

Voltamatic® provides 115/208/230V single phase in one unit, and 208/230/460V three phase in another unit. A separate 575V three phase unit is also available.

Auto-tensioning SuperBelt®

Automatically adjusts itself to the correct tension.

UL325 2010 compliant

Requires the addition of monitored external entrapment devices prior to the operator working in momentary contact in the close direction.

*Patents #6,737,823 and 6,388,412

**ADVANCED INNOVATION.
SUPERIOR FUNCTIONALITY.**

RSX® advantages

- Wide variety of mounting options
- Continuous duty motor
- On-board radio receiver
- SuperBelt® drive reduction
- Direct coupling (optional on sectional doors only)
- Basic timer close
- DC Progressive Brake system
- Adjustable disc-type clutch
- LCD cycle counter
- Available in hoist, jackshaft and trolley
- NEMA 4/4X optional
- 2-year or 20,000 cycle limited warranty on motor and parts

Tools to help you
get the job done.

Architects Corner

A resource for commercial and residential architects, contains comprehensive technical and resource materials to support your project, including drawings for installing garage and overhead doors.

www.OverheadDoor.com

The original, innovative choice for unequalled quality and service.

Overhead Door Corporation pioneered the upward-acting door industry, inventing the first upward-acting door in 1921 and the first electric door operator in 1926. Today, we continue to be the industry leader through the strength of our product innovation, superior craftsmanship and outstanding customer support, underscoring a legacy of quality, expertise and integrity. That's why design and construction professionals specify Overhead Door Corporation products more often than any other brand. Our family of over 400 Overhead Door Distributors across the country not only share our name and logo, but also our commitment to excellence.
