Destiny[®] 1500

GARAGE DOOR OPENERS

Integrated with
OHD **ANYWHERE**

The ultimate in power, reliability and fast operation. Featuring a powerful direct screw drive system.

- **Powerful:** 140V DC motor with screw drive operates most residential doors at a speed of up to 12 inches/sec[†]
- **Design flexibility:** Choose to have your opener with or without integrated Wi-Fi or battery backup
- **Maintenance free:** Direct drive screw system means no gears, chains or belts to wear out
- **6' power cord:** For high ceiling applications

For use with residential sectional doors up to 14 ft high

[†] +/- 0.5 inches/sec.

The Genuine. The Original.

Standard features

DC motor technology

Our most powerful residential motor delivers 140V quietly.

CodeDodger[®] access security system

The latest in CodeDodger[®] technology that selects a code from billions of combinations each time a remote or wireless keypad are used. Helps prevent piracy of the radio signal for the utmost in security.

Speed

Maximum opening speed of up to 12 inches per second. (+/-0.5 inches per second).

Auto seek dual frequency range

The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation and reducing frequency interference.

DoorDetect[™] monitoring and diagnostic system

Delivers the optimal amount of power needed to efficiently and smoothly open even heavy doors. Stops the door when abnormal operation is detected for additional safety.

Self-diagnostic Safe-T-Beam[®] system

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

C-channel rail

Operator rail designed for strength and better aesthetics.

6' power cord

For high ceiling applications.

Two-bulb light system with motion detection

Two 100 Watt bulb lighting system with integrated motion detector provides convenience and security. Optional Overhead Door[®] LED bulb recommended.

Maintenance free direct drive

Direct drive screw system provides powerful and reliable performance.

Compatible with both HomeLink[®] and Car2U[®] systems

Models 8160H/8160H-B

Integrated Wi-Fi with OHD Anywhere[®]

Remotely monitor and control your sectional garage door from almost anywhere with your smart device.** OHD Anywhere[®] is compatible with most iOS and Android mobile devices.

Features include:

- Ability to monitor the door position (open or closed) and any change to the position
- Allows multiple user accounts to give others virtual access to your garage door
- Ability to know if an authorized user is operating the door with the OHD Anywhere[®] app
- Time-based features allow you to schedule door operation
- Maintains access history report for each opener
- The OHD Anywhere[®] app allows control of multiple OHD Anywhere[®] Wi-Fi integrated garage door openers

Models 8160H-B/8060H-B

Battery Backup included

The Overhead Door[®] Battery Backup unit provides peace-of-mind, allowing opening and closing of door during a limited power outage.

California Residents:

This opener has the option to add Battery Backup. **As required by California State Law SB-969, all newly installed openers must have battery backup as of 07/01/2019.** To order this opener with battery backup, refer to Model 8160H-B. For more information visit overheaddoor.com or ask your Overhead Door[™] Distributor.
